

Sports Premium 17/18

Alveley Primary School Sports Premium 2017-2018

A wide range of PE is delivered to pupils at Alveley Primary School.

We ensure the inclusion of all children in school.

Our sport delivery is provided in the following ways:

- During the school day
- During playtimes
- During extra- curricular clubs organised by school
- During extra- curricular clubs we buy in
- In after school care club

Opportunities we currently provide include:

Netball (high 5)	Tag rugby	Cycling
Football	Hockey	Multi sports
Cricket	Athletics	Orienteering
Cross-country	Dance	Rounders
Gymnastics	Cricket	
Swimming	Gymnastics	

How is sport organised at Alveley Primary school?

Teachers or specialist coaches teach PE lessons. We employ a specialist coach to enhance our provision and to ensure high quality teaching. This is funded through the school budget.

We provide play equipment during playtimes to encourage children to participate in active play and to allow all children to try out sporting activities in a relaxed atmosphere. Sports leaders and staff help to provide sporting activity.

We provide a wide range of extra-curricular activities through club provision and after school care club. We encourage all children to try new activities. Our club provision has become sustainable due to the use of sports premium.

What else do we do to enhance sport?

We are part of the **East Shropshire PE and Schools Sport Partnership**, which brings together local primary schools and secondary schools. We are active participants in the partnership. The partnership provides high quality training, but most importantly, improves our intra and inter-school sport participation. Children are offered a very varied diet of sporting activities, which include sports leadership and participation in tournaments and events. The partnership also promotes participation for children who need encouragement to enjoy sport. We are encouraged to use the secondary school resources to improve our provision and have excellent staff liaison. The sporting calendar is organised across the partnership and we can compare our levels of participation and uptake with other schools. We monitor participation and check gender uptake and inclusion (FSM and SEN). We frequently target low participation groups to

ensure all children across the partnership are participating and enjoying a wide range of sporting activities.

Training

Our current focus for training is to develop the role of the **Sports Lead** in PE.

This will improve our delivery further.

Parents

Parents are encouraged to come along and support events.

Barriers identified which we will use sports premium to develop in future years.

Funding to release staff for competitions

Transport costs

Facilities - changing

Organisation

Governors have worked with the Head teacher to develop a plan for expenditure of the sports grant for 2017-18. This reflects school self-evaluation priorities where possible. Governors monitor the impact of expenditure to ensure we are improving through appropriate use of this funding. The sports partnership offers advice to the family of schools to ensure the needs of pupils in our local area are addressed. Working collaboratively with other schools ensures we have good value for money and high quality provision.

What will we be doing differently because of the sports grant monies?

Aims

To improve the quality of teaching and learning in PE

Improve the health and fitness of pupils

Increase the opportunities on offer and provide sports which appeal to all children

Improve resources

High participation in inter schools and intra school events

What will success look like?

All PE provision will be good or better

Children will all participate

Provision will ensure there is "Something for everybody."

Equipment, appropriate kit and transport

will be provided to increase participation

Records will show maintenance of high

participation levels

Maintain schools games awards

Give children opportunities for leadership

We will have Bronze ambassadors and play

leaders arranging activities and events to

engage children in physical activity

Allocation for 2017/18 = estimated at £17,000

How sports premium funding

is targeted to improve outcomes for pupils.

Sports Premium Allocated
